### **Agenda Item 4- Discussion, Review and Possible Action to increase the Ringside Physicians’ and Officials’ Pay Scales.**

EO Foster explained that with the temporary approval of Bare-Knuckle Fighting Championship (BKFC) in California, he felt it appropriate to update the pay scales for officials to include bareknuckle events. EO Foster noted that he had to add a position for a physician that solely did sutures. He also adjusted the travel reimbursement to mirror the CalHR rates and added recognition of BKFC championship titles as world championships. The draft pay scale can be found in the meeting materials.

Chair Villegas praised the hard work the officials and employees of the Commission during events. Commissioner Dr. De Mars agreed that officials do work hard and do deserve to have their pay scale adjusted.

*Vice Chair Dr. Williams **moved** to increase the Ringside Physicians’ and Officials’ pay scale.*

*Commissioner Wetch **seconded** the motion.*

### **Public Comments**

Bill Henniger asked if the increase only applies to bareknuckle fights. Chair Villegas answered, yes, the increase applied to bareknuckle fights.

**Agenda Item 6 – Discussion, Review and Possible Action regarding the appeal of Lorenzo Hunt, Administrative Suspension and Fine for Violation of California Code of Regulations Title 4, Section 303, issued on May 24, 2024.**

EO Foster stated that this issue was not settled. Mr. Hunt was not present in person or online. Per AEO Blackstock, Mr. Hunt was notified of the meeting, but did not confirm attendance. Chair Villegas allowed for more time for Mr. Hunt to appear, however he failed to appear.

William Gardner, from the Attorney General's office, explained that Mr. Hunt filed an appeal regarding a positive drug test from the April 27, 2024, Bare Knuckle Fighting Championships. Mr. Gardner explained that Mr. Hunt's test showed the presence of an anabolic steroid not approved for human use and showed testosterone levels about 43 times higher than the WADA threshold, indicative of synthetic testosterone usage. The Attorney General's Office provided Exhibits 1-5 to the Commission, which were admitted to the administrative record and can be found in the meeting materials.

*Commissioner Gruwell **moved** to fine Mr. Hunt \$40,000 from his purse from the BKFC event plus \$500 for the cost of drug testing, suspend his license for 18 months, and require 6 negative WADA full panel drug tests at his cost.*

*Commissioner Dr. De Mars **seconded** the motion.*

No public comment

*The motion **passed** 6-0 by roll call vote. Commissioner Hendrickson was absent from the vote.*

**Agenda Item 7 – Discussion and Possible Action to Approve NanoSomiX, Inc. testing of athletes at professional events.**

Vice Chair Dr. Williams introduced the CEOs of NanoSomix, Inc. and stated that they presented to the Medical Advisory Committee at the April 2024 meeting. Vice Chair Dr. Williams explained that NanoSomix proposed a research project where they would use a technology they developed that could find evidence of traumatic brain injury using biomarkers. Vice Chair Dr. Williams explained that doctors are able to clinically diagnose

concussion based on observations, but what they do not know a lot about is how quickly the brain recovers after concussive injury. He explained that knowing how quickly the brain recovers can inform how much time is needed for a through a post-fight suspension to recover. Samples would be collected from participating fighters by finger stick at weigh-ins and post-fight at various intervals.

Commissioner Gruwell asked if Commission staff would be responsible for administering the tests. Dr. Masato Mitsuhashi, CEO of NanoSomix, stated they wouldn't be responsible for administering the tests and collecting the data. The complete data would be given to Vice Chair Dr. Williams and the MAC. Dr. Mitsuhashi noted that they have been working with Roy Engelbrecht and SOCA Fights.

Commissioner Dr. De Mars asked how the Commission would make sure that fighters know that the tests are given on a volunteer basis and not required. Mr. Engelbrecht explained that SOCA Fights has hired a research manager who was a former fighter to handle their test collection. They contacted six fighters and explained how the tests work and will have their research manager follow up with participants throughout the study. Mr. Engelbrecht also offered fighters reimbursement for their participation. Commissioner Gruwell asked what the fighters are being paid and if NanoSomix is paying the promoter. Mr. Engelbrecht explained that SOCA Fights themselves will be paying the fighters \$100 cash and SOCA Fights is being compensated by NanoSomix for their work.

*Vice Chair Dr. Williams **moved** to approve NanoSomix, Inc's testing of athletes at professional events.*

*Commissioner Dr. De Mars **seconded** the motion.*

#### **Public Comments**

Greg Patschull asked if this testing was for professionals only. Vice Chair Dr. Williams stated that the clinical trial was for professionals only.

#### **Commission Comments**

Legal Counsel Ken Swenson clarified that the recommended motion from the Medical Advisory Committee was to approve the testing of athletes through the proposed study of baseline and post-fight injury.

*Commissioner Wetch **moved to amend** the motion to approve NanoSomix, Inc's testing of athletes at professional events and that participation in the study is voluntary.*

*Commissioner Dr. De Mars **seconded** the motion.*

*The **motion** passed 7-0 by roll call vote.*

**Agenda Item 8 - Discussion, Review, and Possible Action regarding the delegation of amateur kickboxing and Muay Thai to the International Sport Kickboxing Association (ISKA) pursuant to Business and Professions Code section 18646.**

EO Foster explained that the Commission delegates kickboxing to the International Kickboxing Federation (IKF), but about six months ago the World Association of Kickboxing Organizations (WAKO) was approved to hold six test events. Cory Schafer, formerly of Bellator, had discussed with EO Foster the possibility of the International Sport Karate Association (ISKA) becoming a delegated entity for Kickboxing in California. EO Foster explained that, if approved, ISKA would be another choice of delegation for promoters to hold events under. EO Foster's recommendation is for ISKA to hold some events and return to the Commission at a later date.

*Commissioner Dr. De Mars moved to approve the delegation of amateur kickboxing to ISKA pursuant to Business and Professions Code sec. 18646. for a one-year period. ISKA is to return to the Commission after that one-year period.*

*Commissioner Fiore seconded the motion.*

**Public Comments**

Toni Fossum, of IKF, asked how these new delegations will be reporting their results and suspensions. Chair Villegas stated that all requirements will be the same across the board.

*The motion passed 7-0 by roll call vote.*

**Agenda Item 9 – Discussion, Review, and Possible Action regarding the delegation of amateur kickboxing to the World Association of Kickboxing Organizations (WAKO) pursuant to Business and Professions Code section 18646.**

EO Foster explained that WAKO has completed the six test events required of them by the Commission and that the events went well. He noted that he was impressed with WAKO's communication with the Commission and how hard they worked to get approval. Bill Henniger, sanctioning director for WAKO USA, thanked the Commission for working with them and stated that they are still working on becoming an official Olympic sport.

EO Foster asked for clarification on WAKO's headgear requirement. Mr. Henniger stated that all amateurs are required to wear headgear. EO Foster explained that he believes he has the authority to require headgear for athletes who have less than 5 bouts with a winning record of those five before fighters can fight with no headgear. He noted that he liked WAKO's headgear requirement for all amateurs.

*Commissioner Wetch moved to grant temporary approval to WAKO for one year, and for WAKO to return to the Commission after that one-year period. During that year, WAKO is to provide the Commission with quarterly updates.*

*Commissioner Fiore seconded the motion.*

### **Public Comments**

Mike McAtee, of USA Boxing, noted that USA Boxing has about 7 years of data on wearing headgear and would like to submit that data to the Commission.

*The motion **passed** 7-0 by roll call vote.*

### **Agenda Item 10 - Discussion, Review and Possible Action regarding increasing the current fortified withholding amount that is held within the suspense account from the Covered Boxers in the Professional Boxers Pension Plan.**

EO Foster explained that boxers who don't make a pension claim by age 53 forfeit 80% of their money back into the pension fund; 20% is held in a suspense account for the fighter in case they make a late claim. He explained that due to the recent coverage of the pension fund and outreach assistance received from DCA and the LA Times, the number of late claimants has sharply increased and now the suspense account has run out of funds. Matt Harrington, administrator of the pension fund at Benefit Resources, explained that in 2023 there was an such an increase in claims from late claimants that it exhausted the account. Mr. Harrington provided a proposed plan that would modify the 20% withholding to allow for funds to be taken from other sources. Mr. Harrington stated that there is currently and estimated \$1.839 million slated as a potential liability attributable to fighters that have already turned 53 years old.

Commissioner Wetch asked why the suspense account is funded in this way and if there are any other options. Mr. Harrington stated that that is how the plan documents were created and that there are other possible methods that he can provide to the Commission. Commissioner Wetch would like to see what these other the options are before making a decision.

*Commissioner Wetch **moved** to approve the increase of the pension withholding amount to 25% but suspend any additional decisions regarding the issue until the Commission has received the additional plan options from Benefit Resources, Inc. and had an opportunity to discuss them.*

*Commissioner Dr. De Mars **seconded** the motion.*

### **Public Comments**

Greg Patschull expressed that some people were having difficulty applying for the pension fund.

*The motion **passed** 7-0 by roll call vote.*

### **Agenda 11 - Executive Officer's Report**

**a. Report of the Bare-Knuckle Fighting Championship's April 27, 2024, event that was held at the Peacock Theater in Los Angeles:**

EO Foster's report on the first BKFC event can be found in the meeting materials. EO Foster explained that the event went well, but he does have some notes on what can be improved. BKFC is holding another event at Pechanga Casino and will possibly hold events at Commerce Casino and in Northern California.

David Feldman of BKFC thanked the Commission for working with them on this event and mentioned that there were some small mistakes made and that referee training could be improved.

**b. Budget Update for the Support Fund, the Neurological Fund, and Pension Program:**

EO Foster stated that the support fund was close to \$2.2 million in deposits this fiscal year. He added that the UFC and BKFC events provided about \$340,000 in revenue. EO Foster noted that it was a good decision financially to expand the sports that are regulated. The pension fund has been paying out many claims, so it is down to \$4.5 million currently. EO Foster stated that he and Commissioner Fiore have been discussing the possibility of sponsorship deals, with that money going toward the fighters' pension funds. The new contract with C3 Logix is currently at the Business Services Office waiting on approval.

**c. Update on the Specialty License Plate:** AEO Blackstock and EO Foster had a meeting with the Office of Information Services on May 16, 2024, to review website designs and format in order for the Commission to take specialty license plate pre-orders. Additionally, the Office of Information Services has been working on creating marketing materials that will be distributed. The Accounting Office has established a new account code for the Commission to use to deposit funds received for the specialty license plate pre-orders.

**d. Report on Pending and Proposed Regulations:**

- **Pension Plan-** Office staff is waiting to see if any bill numbers associated with the Commission sunset review might impact the current proposed pension regulations.
- **Dehydration/Rehydration-** Office staff is planning to schedule a meeting with Budgets to see if the proposed regulations text will have an economic impact (if the Commission is considering some monetary penalty to be paid to CSAC).

**e. Status Update of Delegated Entities:**

- **California Amateur Mixed Martial Arts Organizations (CAMO)- J. T Steele:** Mr. Steele has submitted CAMO's quarterly report which can be found in the meeting materials.

- g. **Upcoming Event Schedule**:  
EO Foster went over upcoming events and pointed out ones that the Commissioners may want to attend.

This agenda item was tabled.

**Agenda Item 13 - Public Comment on Items Not on the Agenda.**

Jonathan Pua, Vice Chair of Officials for WBC Muay Thai, asked the Commission to look toward the Sports Commission of Thailand for guidance on regulating Muay Thai in California.

George Francis of Fighter's Rep, spoke about the proposal to raise the requirement of the number of fights before headgear can be removed from amateur fighters.

Zack Arnold asked why Riyadh Season was allowed to hold events in California when it appears that their partnership with the WBA and WBC violate the Ali Act.

DRAFT

# **AGENDA**

## **ITEM #5**

**Discussion, Review and Possible Action regarding the adoption of the revised Unified Rules of Mixed Martial Arts as adopted by the ABC at their annual meeting in Louisville, KY in August 2024.**

## MEMORANDUM

<b>DATE</b>	September 9, 2024
<b>TO</b>	Chairman Peter R. Villegas and Commissioners California State Athletic Commission
<b>FROM</b>	Andy Foster, Executive Officer California State Athletic Commission
<b>SUBJECT</b>	<b>Agenda Item #5:</b> Discussion and possible action regarding the adoption of the revised Unified Rules of Mixed Martial Arts as adopted by the Association of Boxing Commissions at their Annual Meeting in Louisville KY in August 2024

### **BACKGROUND**

The Association of Boxing Commissions voted to change the Unified Rules of Mixed Martial Arts at the 2024 Annual Meeting. The grounded fighter definition is redefined to clear up confusion and the downward pointing elbow strike was removed as a foul. If adopted by the Commission, these changes will go into effect on November 1, 2024. The changes are below, and the complete ruleset is included for your review.

### **Fouls to be removed**

Downward pointing elbow strike (12 to 6)

a. The use of a linear “straight up straight down” elbow strike is prohibited. Any variation of this straight up and down linear elbow strike makes the strike legal. Any arc, or any angle change from straight up to straight down makes the strike legal. Any variation of position does not alter the legality of the strike.

### **Fouls to be redefined**

Kneeing and/or Kicking the head of a grounded opponent.

A fighter shall be considered grounded and **may not** be legally kned or kicked to the head when any part of their body **other than** their hands or feet **is** in contact with the canvas (ground).

### **RECOMMENDATION**

I recommend the Commission vote to adopt the revised Unified Rules of Mixed Martial Arts as adopted by the Association of Boxing Commissions at their Annual Meeting in Louisville, KY in August 2024 with an implementation date of November 1<sup>st</sup>, 2024.

  - a. Pulling of the hair in any fashion is an illegal action. A fighter may not grab a hold of his opponent's hair to control their opponent in any way. If a fighter has long hair, they may not use their hair as a tool for holding or choking in any fashion.
6. Spiking the opponent to the canvas onto the head or neck (pile-driving);
  - a. Any throw with an arc to its motion is to be considered a legal throw. It does not matter if the opponents head hits the canvas. A pile driver is considered to be any throw where you control your opponent's body placing their feet up in the air with their head straight down and then forcibly drives the opponents head into the canvas or flooring material. It should be noted when a fighter is placed into a submission hold by their opponent, if that fighter is capable of elevating their opponent, they may bring that opponent down in any fashion they desire because they are not in control of their opponent's body. The fighter who is attempting the submission can either adjust their position or let go of their hold before being slammed to the canvas.
7. Strikes to the spine or the back of the head;
  - a. The back of the head starts at the Crown of the head with a one (1) inch variance to either side, running down the back of the head to the occipital junction.
  - b. This area stretches out at the occipital junction (nape of the neck) to cover the entire width of the neck. It then travels down the spine with a one (1) inch variance from the spine's centerline, including the tailbone.
8. Throat strikes of any kind and/or grabbing the trachea;
  - a. No directed throat strikes are allowed. A directed attack would include a fighter pulling his opponents head in a way to open the neck area for a striking attack. A fighter may not gouge their fingers or thumb into their opponent's neck or trachea in an attempt to submit their opponent. If during stand-up action of a fight a strike is thrown and the strike lands in the throat area of the fighter, this shall be viewed as a clean and legal blow.
9. Fingers outstretched toward an opponent's face/eyes;
  - a. In the standing position, a fighter that moves their arm(s) toward their opponent with an open hand, fingers pointing at the opponent's face/eyes, will be a foul. Referees are to prevent this dangerous behavior by communicating clearly to fighters. Fighters are directed to close their fists or point their fingers straight up in the air when reaching toward their opponent.

10. Groin attacks of any kind;
  - a. Any attack to the groin area including, striking, grabbing, pinching or twisting is illegal. It should be clear that groin attacks are the same for men and women.

*A fighter shall be considered grounded and may not be legally kneed or kicked to the head when any part of their body other than their hands or feet is in contact with the canvas (ground).*
12. Stomping of a grounded fighter.
  - a. Stomping is considered any type of striking action with the feet where the fighter lifts their leg up bending their leg at the knee and initiating a striking action with the bottom of their foot or heel.
  - b. Axe kicks are not stomping. Standing foot stops are NOT a foul. As such, this foul does not include stomping the feet of a standing fighter.
13. Holding opponent's gloves or shorts.
  - a. A fighter may not control their opponent's movement by holding onto their opponent's shorts or gloves. A fighter may hold onto or grab their opponent's hand as long as they are not controlling the hand only by using the material of the glove, but by actually gripping the hand of the opponent. It is legal to hold onto your own gloves or shorts.
14. Holding or grabbing the fence or ropes with fingers or toes;
  - a. A fighter may put their hands on the fence and push off of it at any time. A fighter may place their feet onto the cage and have their toes go through the fencing material at any time. When a fighter's fingers or toes go through the cage and grab hold of the fence and start to control either their body position or their opponent's body position it now becomes an illegal action. A fighter may not grab the ropes or wrap their arms over or under the ring ropes at any time. The fighter may not purposely step through the ropes. If a fighter is caught holding the fence, cage or ring rope material the referee may issue a one-point deduction from the offending fighters scorecard if the foul caused a substantial effect in the fight. If a point deduction for holding the fence occurs, and because of the infraction, the fouling fighter ends up in a superior position due to the foul, the fighters should be re-started by the referee, standing in a neutral position.
15. Small joint manipulation;
  - a. Fingers and Toes are small joints. Wrists, Ankles, Knees, Shoulders and Elbows are all large joints. Grabbing the majority of fingers/toes at once is allowed.

19. Timidity (avoiding contact, or consistently dropping the mouthpiece, or faking an injury);
  - a. Timidity is defined as any fighter who purposely avoids contact with his opponent or runs away from the action of the fight. Timidity can also be called by the referee for any attempt by a fighter to receive time by falsely claiming a foul, injury, or purposely dropping or spitting out their mouthpiece or other action designed to stall or delay the action of the fight.

20. Use of abusive language in the fighting area.
  - a. The use of abusive language is not allowed during MMA competition. It is the sole responsibility of the referee to determine when language crosses over the line to abusive. It should be clear that fighters can talk during a match. The mere use of auditory language is not a violation of this rule. Examples of abusive language would be (Racially motivated or Derogatory language).
21. Flagrant disregard of the referee's instructions;
  - a. A fighter **MUST** follow the instructions of the referee at all times. Any deviation or non-compliance may result in the fighter's disqualification.
22. Unsportsmanlike conduct that causes an injury to opponent;
  - a. Every athlete competing in the sport of MMA is expected to represent the sport in a positive light emphasizing sportsmanship and humility. Any athlete that disrespects the rules of the sport or attempts to inflict unnecessary harm on a competitor who has been either taken out of the competition by the referee or has tapped out of the competition shall be viewed as being unsportsmanlike.
23. Attacking an opponent after the bell has sounded the end of the period of unarmed combat.
  - a. The end of a round is signified by the sound of the bell and the call of time by the referee. Once the referee has made the call of time, any offensive actions initiated by the fighter shall be considered after the bell and illegal.
24. Attacking an opponent on or during the break;
  - a. A fighter shall not engage their opponent in any fashion during a time-out or break of action in competition.
25. Attacking an opponent who is under the care of the referee;
  - a. *Once the referee has called for a stop of the action to protect a fighter who has been incapacitated or is unable to continue to compete in the fight, fighters shall cease all offensive actions against their opponent.*
26. Interference from a mixed martial artist's corner or seconds;
  - a. Interference is defined as any action or activity aimed at disrupting the fight or causing an unfair advantage to be given to a corner's combatant. Corners are not allowed to distract the referee or influence the actions of the referee in any fashion.

#### **A. Intentional Fouls**

- 1.** If an intentional foul causes an injury, and the injury is severe enough to terminate the bout immediately, the fighter causing the injury shall lose by disqualification.
- 2.** If an intentional foul causes an injury and the bout is allowed to continue, the referee shall notify the authorities and deduct two (2) points from the fighter who caused the foul. Point deductions for intentional fouls will be mandatory.
- 3.** If an intentional foul causes a laceration and/or swelling and the bout is allowed to continue, and the injury results in the fight being stopped in any round after ½ of the scheduled rounds, of the fight has been completed, by either another legal or illegal strike, the injured fighter will win by **TECHNICAL DECISION** if they are ahead on the score cards; and the bout will result in a **TECHNICAL DRAW** if the injured fighter is behind or even on the score cards.
- 4.** If the fighter injures himself/herself while attempting to intentionally foul their opponent, the referee will not act in their favor, and this injury shall be the same as one produced by a fair blow.
- 5.** If the referee feels that a fighter has conducted themselves in an unsportsmanlike manner, they may stop the action of the fight to deduct points or stop the bout to disqualify the fighter.

## B. Accidental Fouls

1. If an accidental foul causes an injury severe enough for the referee to stop the bout, the bout will result in either a NO CONTEST or DISQUALIFICATION if stopped before ½ of the scheduled rounds
2. If an accidental foul causes an injury severe enough for the referee to stop the bout after ½ of the scheduled rounds, the bout will result in a TECHNICAL DECISION awarded to the fighter who is ahead on the score cards at the time the bout is stopped.
  - i. Partial or incomplete rounds will be scored. If no action has occurred, the round should be scored as an even round. This is at the discretion of the judges.
3. If a fighter, during the course of a round, visibly loses control of bodily function (vomit, urine, feces), the fight shall be stopped by the referee and the fighter shall lose the contest by a Technical Knockout (TKO) due to Medical Stoppage.
  - i. In the event a loss of bodily function occurs in the rest period between rounds, the ringside physician shall be called in to evaluate if the combatant can continue. If the combatant is not cleared by the ringside physician to continue, that combatant shall lose by a Technical Knockout (TKO) due to Medical Stoppage.
  - ii. If fecal matter becomes apparent at any time, the contest shall be halted by the referee, and the offending combatant shall lose by a Technical Knockout (TKO) due to Medical Stoppage

## C. Foul Procedures: If a foul is committed, the referee shall:

2. Check the fouled mixed martial artist's condition and safety; and
3. Assess the foul for potential point(s) deductions and/or time considerations.
4. During all time out procedures, there shall be no coaching of a contestant permitted.

## D. Eye Poke Foul Procedure:

1. Once the Referee calls time for the foul, the fighter is permitted the use of a cold compress or wet towel on the injured eye.
  2. Unless the fighter requires immediate medical attention the Referee and Ringside Physician shall allow the fighter time to compose themselves so the fighter can then give a verbal "yes" or "no" that they can see.
- ***This procedure does not preclude the Ringside Physician from being able to evaluate the injury at any time during the timeout.***

## E. Time Consideration:

1. If a foul to the groin or eye poke occurs and the competitor is able to continue, the fouled contestant may have up to five (5) minutes to recover.
2. Fighters injured severely enough by a foul to require medical consultation may be given up to five (5) minutes, at the referee's discretion, for evaluation by the ringside physician before a decision to continue is rendered.
3. At no time may a referee call a timeout to evaluate the impact of a legal strike, other than when a laceration is present.

## F. Utilizing a Cutperson after a foul but during a round:

1. When a Fighter is the recipient of either an accidental or intentional foul and receives a laceration from the illegal action, the Referee in charge after calling time and putting the fighters into neutral corners MAY call upon the cutperson assigned (or in regional shows a corner with no coaching permitted) to the injured fighters corner to enter the cage during the 5-minute break and administer aid to the cut to help stop the bleeding. Then when cleared by the Ringside Physician the fighter can return to the action, with no more than the 5-minute time elapsed. The cutperson may only work on the cut or cuts associated with the foul.

## A. Judging Criteria

- a. All bouts will be evaluated and scored by a minimum of three (3) judges.
- b. The 10 Point Must System will be the standard of scoring about.
  - i. Under the 10-Point Must Scoring System, 10 points must be awarded to the winner of the round and nine points or less must be awarded to the loser, except for a rare even round, which is scored (10-10).
- c. Judges shall evaluate Mixed Martial Arts techniques, such as effective striking/grappling(Plan A), effective aggressiveness(Plan B),and control of the fighting area(Plan C).Plans B and C are not taken into consideration unless Plan A is weighed as being even.
- d. Evaluations shall be made in the specific order in which the techniques appear in (c)above ,giving the most weight in scoring to effective striking/grappling, and effective aggressiveness, and control of the fighting area.
- e. Effective striking is judged by determining the impact/effect of legal strikes landed by a contestant solely based on the results of such legal strikes. Effective grappling is assessed by the successful executions and impactful/effective result(s)coming from: takedown(s), submission attempt(s), achieving an advantageous position(s) and reversal(s).
- f. Effective aggressiveness means aggressively making attempts to finish the fight.
- g. Fighting area control is assessed by determining who is dictating the pace, place and position of the bout.

1. The following objective scoring criteria shall be utilized by the judges when scoring a round:
  - (i) Around is to be scored as a 10-10 Round when both contestants have competed for whatever duration of time in the round and there is no difference or advantage between either fighter;
  - (ii) Around is to be scored as a 10-9 Round when a contestant wins by a close margin; where the winning fighter lands the better strikes or utilizes effective grappling during the round;
  - (iii) A round is to be scored as a 10-8 Round when a contestant wins the round by a large margin by impact, dominance, and duration of striking or grappling in a round.
  - (iv) A round is to be scored as a 10-7 Round when a contestant is completely dominated by impact, dominance, and duration of striking or grappling in a round.

2. Impact: A judge shall assess if a fighter impacts their opponent significantly in the round, even though they may not have dominated the action. Impact includes visible evidence such as swelling and lacerations. Impact shall also be assessed when a fighter's actions, using striking and/or grappling, lead to a diminishing of their opponent's energy, confidence, abilities and spirit. All of these come as a direct result of impact. When a fighter is impacted by strikes, by lack of control and/or ability, this can create defining moments in the round and shall be assessed with great value.

3. Dominance: As MMA is an offensive based sport, dominance of a round can be seen in striking when the losing fighter is forced to continually defend, with no counters or reaction taken when openings present themselves. Dominance in the grappling phase can be seen by fighter staking dominant positions in the fight and utilizing those positions to attempt fight ending submissions or attacks. Merely holding a dominant position(s) shall not be a primary factor in assessing dominance. What the fighter does with those positions is what must be assessed. In the absence of dominance in the grappling phase, as set forth in paragraph 3 of the promulgated rules, to be considered dominate, there must be a singularly or in combination, some types of submission attempts, strikes, or an overwhelming pace which is measured by improved or aggressive positional changes that cause the losing fighter to consistently be in a defensive or reactive mode

Updated rules are in blue double underlined.

4. Duration: Duration is defined by the time spent by one fighter effectively attacking, controlling, and impacting their opponent; while the opponent offers little to no offensive output. A judge shall assess duration by recognizing the relative time in a round when one fighter takes and maintains full control of the effective offense. This can be assessed both standing and grounded.

5. Scoring of Incomplete Rounds: There should be scoring of incomplete rounds. If the referee penalizes either contestant, then the appropriate points shall be deducted when the scorekeeper calculates the final score for the partial round

## **B. Types of Decisions**

- i. Tap Out: When a contestant physically uses of their body to indicate that he or she no longer wishes to continue; or

- iii. Technical Submission: When a legal submission act results in unconsciousness or broken/dislocated bone(s)/joint(s).

f. Decisions:

- i. Unanimous Decision: When all three judges score the bout for the same contestant;
- ii. Split Decision: When two judges score the bout for one contestant and one judge scores for the opponent; or
- iii. Majority Decision: When two judges score the bout for the same contestant and one judge scores a draw;

traded securities and other investments are considered generally reliable, the prices displayed on your statement may be based on historical trades, bid/ask information, third-party evaluations, or other methodologies. Therefore, the prices displayed on your statement may or may not reflect prices you would receive in the current market. **By including a price for any non-publicly traded private securities in the statement, Raymond James makes no representation regarding the accuracy, reliability, completeness or attainability of such pricing. Although we seek third-party sources where possible, in some circumstances the pricing may be based on representations made by the security issuer and therefore may not be obtained from or based on an independent or third-party source.** Pricing of non-publicly traded private securities may be subjective and based on varying methodologies or assumptions, and accordingly, may not be reliable and should not be considered proof of liquidity at any particular price. You should evaluate independent sources to confirm the valuation of such securities. Investment decisions should be made only after contacting your financial advisor.

**Availability of Free Credit and Bank Deposit Program** - You have the right to receive, in the normal course of business and subject to Raymond James having received the funding, any free credit balance, bank deposit program balance, and any fully paid securities to which you are entitled, subject to any obligations you owe in any of your accounts.

**Third Party Payments Disclosure** - In addition to the fees you pay directly for the services offered by Raymond James and your advisor, Raymond James receives fees from various sources. For more information on fees and expenses, please see <https://raymondjames.com/legal-disclosures/third-party-payments>.

**Cost Basis** - Effective January 1, 2011, Raymond James reports adjusted cost basis for tax lots of securities covered by the Emergency Economic Stabilization Act of 2008 to the IRS on Form 1099-B. These tax lots are indicated by a "c." Raymond James will default to the first-in, first-out (FIFO) cost basis accounting method for trades and transfers unless a different method has been selected.

For tax lots or securities that are not covered by the Emergency Economic Stabilization Act of 2008, cost basis information may not be available, may have been estimated by you or your financial advisor, or may have been obtained from third-party sources, and in these instances, Raymond James cannot guarantee its accuracy. Information for uncovered positions will not be reported to the IRS.

Gain or loss will only be calculated for tax lots that have cost basis. Gain or loss information may or may not reflect adjusted cost for return of principal/capital or accretion/amortization. Tax lots where the cost basis is true zero, displayed as 0.00, are included in cost calculations. "Gain or (loss) Pct" is calculated utilizing total cost basis.

Missing basis is not included in cost calculations. Please contact your financial advisor to have missing cost basis information added to your account.

The cost basis, proceeds, or gain/loss information reported has been adjusted to account for a disallowed loss from a wash sale. These adjustments are indicated by a "w" on the affected taxlots. A wash sale occurs when a security is sold for a loss and is re-purchased 30 days before or after the sell.

Cost basis information for uncovered securities or tax lots will not be reported to the IRS; it is displayed for your information only and should not be relied upon for tax reporting purposes. Past performance is not a guarantee of future results. Market valuations may have been obtained from third-party sources and Raymond James cannot guarantee its accuracy or completeness.

For securities classified as Grantor or Royalty Trusts, Master Limited Partnerships or other widely held fixed income trusts, cost basis is not adjusted. These securities receive principal payments or

distributions that are classified differently by the issuer at the end of the year. Clients should continue to rely on the issuer information for both cost basis adjustments as well as proceeds adjustments for these securities. For this reason the gain/loss displayed will be unadjusted and is not a true indicator of the investment return. Any adjustment to sales proceeds will be reflected on your 1099.

Unrealized gains or losses are calculated for depreciated gift taxlots. This is referred to as dual basis and is indicated with a "d." The current market value is used to estimate the cost basis and gain/loss until the position has been sold. Once sold, cost basis and gain/loss will be established as the final proceeds are available, and true cost and gain/loss can be determined.

Reinvestments of dividend or capital gain distributions are excluded from Amount Invested but are included in Total Cost Basis. Amount Invested should not be used for trading purposes, it does not represent taxable cost basis, and gains/losses based on amount invested may vary from actual realized gain/loss that will appear on year end 1099's. For any security in which a client has elected the average cost reporting method, the Amount Invested will utilize the average cost per share of all tax lots to calculate amount invested.

Mutual fund tax lots are displayed as one total position and may include covered and non-covered tax lots some of which could be adjusted for wash sales. Sold mutual fund shares that were purchased through reinvestments are combined and shown with a purchase date of "various."

Adjustments made to cost basis throughout the year may cause the information displayed on your client statement to differ from what is reported on the 1099-B which is provided to the IRS at the end of the year.

Realized Gain/loss - is based upon total cost basis, and includes the cost basis of reinvested shares. Realized gain/loss does not include mutual fund long term capital distribution amounts. For taxable accounts, including those that receive information only 1099's, short term debt instruments that result in a capital gain will generally not appear on the realized gain loss report, as those amounts are reported as ordinary income on the year end 1099. Market Discount is generally not reportable as a realized gain/loss amount, as it is also reportable as ordinary income on the year end 1099.

Cost basis for 529 accounts is provided as informational only and year end 1099Q reports are prepared independently from cost basis data shown on the brokerage statement.

Please refer to the fixed income and alternative investment disclosures for additional cost basis information on those securities.

**Raymond James Bank Deposit Program** - The Raymond James Bank Deposit Program is a multibank cash sweep program that deposits available cash in your brokerage account into interest-bearing deposit accounts at one or more banks. Raymond James Bank Deposit Program balances are insured solely by the Federal Deposit Insurance Corporation (FDIC), subject to FDIC limitations and guidelines, which are explained at <https://www.fdic.gov>. If you elected the Raymond James Bank Deposit Program as your sweep option, then any balance in a bank deposit account in the RJB DP can, on your order, be liquidated and the proceeds returned to your securities account or remitted to you.

The Raymond James Bank Deposit Program rate displayed in the Cash & Cash Alternatives section of your statement is the established rate for the last business day of the reported month. However, in the event that a large deposit is made on the last business day of the month, the rate for the next business day may be displayed. Estimated Annual Income is calculated using this rate and, therefore, is solely an estimated value for the month and may not reflect your actual income. For current rates visit <http://www.raymondjames.com/rates.htm>.

"Your bank priority state" indicates the corresponding Bank Priority List that applies to your account. "RJB DP participating banks you declined" displays the names of the banks you have designated as

ineligible to receive your funds, which results in your funds being directed to the next bank on the Bank Priority List. "Participating banks recently added" displays additional banks that have been added to the program in the last 90 days. You have the right to designate any bank in the program as ineligible to receive your funds by contacting your financial advisor.

More information about the Bank Deposit Program, including the current Bank Priority Lists, is available at <https://www.raymondjames.com/rjbdp>.

As a reminder, Raymond James may modify or amend the Cash Sweep Program including the terms, conditions and availability of any Cash Sweep option at any time in its sole discretion by providing you with thirty (30) days' prior notice, or in some cases, as set forth in your account opening documentation, no prior notice.

**Exchange-Traded Products (ETPs)** - ETPs are investment products that are listed on a national stock exchange and can be bought and sold in the equity trading markets. ETPs encompass a number of structures that track an underlying benchmark, index or portfolio of securities. ETPs may be structured as registered unit investment trusts (UITs), exchange-traded funds (ETFs), exchange-traded notes (ETNs), grantor trusts or commodity pools.

A number of ETPs employ, to varying degrees, more sophisticated financial strategies and instruments such as leverage, futures, swaps, derivatives, and short selling in order to achieve their investment objectives ("Alternative ETPs"). Alternative ETPs are more complex than traditional ETPs and may not be appropriate for all investors. These may include leveraged or inverse ETPs, some actively-managed ETPs, currency ETPs, commodity ETPs, target return ETPs, volatility ETPs, some ETNs and other products.

Alternative ETPs will generally have higher fees than traditional ETPs. All fees and expenses are described in the prospectus. The ability of an ETP issuer to perpetually create new shares contributes to an ETP's efficiency and accuracy in tracking its index. However, under certain circumstances, issuers may cease or suspend creating new shares, which may cause ETPs to trade at a price that differs significantly from the value of its underlying holdings or index. Furthermore, all ETPs may trade at a premium or discount to their net asset value (NAV) (or indicative value in the case of ETNs).

Some ETPs may not trade in high volume, which could impact your ability to buy or sell your shares at the desired price and/or quantity. ETPs can be closed for a variety of reasons, which can cause forced taxable events for investors, including capital gains distributions. Furthermore, there can be closing costs associated with the final liquidation of the ETP and index tracking uncertainty as the ETP liquidates its assets.

Investors should consider an ETP's investment objective, risks, charges and expenses carefully before investing. The prospectus, which contains this and other important information, is available from your financial advisor and should be read carefully before investing.

**Time Weighted Performance Reporting** - Performance returns are calculated net of management fees, if applicable. Returns exclude some limited partnerships, unpriced securities and annuity history prior to the annuity being linked to the account. Returns for periods greater than one year are annualized returns unless they represent entire 12-month periods. All performance figures exclude unpriced securities (including securities of indeterminate value), limited partnerships (other than limited partnerships classified as Alternative Investments and appearing in that section of your statement). Performance for Annuity and RJ Bank CD's may not be all inclusive. Previous calculations for managed accounts may have been adjusted for investment manager performance. Considering these exclusions, overall performance may be different than the results presented in this statement. Past performance is not a guarantee of future results. Information used to calculate performance may have been obtained from third party sources and Raymond James cannot guarantee the accuracy of such

information.

**Quarterly Asset-Based Advisory Fees** - After the initial billing, your advisory fee is typically calculated in advance and deducted from your account(s) in the months of January, April, July and October. Your advisory fee is calculated based on the Account Value as of the last business day of the previous quarter (ex. the quarterly fee assessed in July is based on the last business day of June). The actual fee shown under the "Account Activity" section is calculated using the following formula:

$(\text{Account Value} \times \text{Advisory Fee Rate}) \times (\text{Days in period} / \text{Days in year})$

For purposes of calculating asset-based advisory fees, Raymond James uses the term "Account Value", which we define as the total absolute value of the assets in the Account, long or short, plus all credit balances, with no offset for any margin or debit balances. The value displayed on your brokerage statement may be different than the Account Value for any of the following reasons:

- trade date (Account Value) versus settlement date (brokerage statement)
- margin balances, proceeds from short sales & call/put writing
- billing treatment on cash balances
- designation of administrative-only assets
- primary market distributions (initial public offerings and other new issues)
- price truncation due to display limitations

Please see the "Brokerage Statement and Performance/Billing Valuation Differences for Fee-Based Accounts" section of Raymond James' Wrap Fee Program Brochure for a more thorough discussion regarding how Raymond James values your account for advisory fee purposes, a current copy of which is available at <http://www.raymondjames.com/legal-disclosures>, and may be obtained from your financial advisor or by contacting the Asset Management Services Client Services department at (800) 248-8861, extension 74991.

**Estimated Annual Income and Estimated Income Yield** - The Estimated Annual Income (EAI) and Estimated Income Yield (EIY) provided on this statement are an estimate of the income a security will distribute during the year. These figures should not be confused with actual cash flows, investment yields or investment returns. Actual income or yield may be lower or higher than the estimated amounts. A number of factors may influence the actual income or yield that is received. The amount or frequency of an issuer's dividend may fluctuate or cease, which may cause the income and or yield of the security to fluctuate. EIY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate. EAI and EIY for certain types of securities could include a return of principal or capital gains which could overstate the EAI and EIY. Information used to calculate Estimated Annual Income and or Estimated Income Yield may be obtained from third party sources and Raymond James cannot guarantee the accuracy of such information. Estimated Annual Income and or Estimated Income Yield amounts should not be used as a financial planning tool.

**Asset Allocation Analysis** - This analysis is for informational purposes only and is intended to be used as part of a complete portfolio review with your financial advisor. The data provided in the asset allocation analysis is subject to inherent limitations and is not guaranteed to represent actual asset class exposure(s) within your account(s) at the time of calculation. See <https://clientaccess.rjf.com/faq/#assetallocation> to learn more. Raymond James and Morningstar data are subject to the availability of fund filings as well as internal analysis and may not represent real-time allocations.

The Cash & Cash Alternatives asset class represents cash and money market holdings, as well as cash allocations contained in mutual funds, annuities, and other investment products. For an actual cash value, please refer to the holdings sections of the Client Statement.

Due to rounding, the sum of the broad classes may not exactly match the total assets value.

**Product Interest Rate Risk** - The performance of your investment can be affected by various risks, including without limitation, interest rate risk. The fixed income portion of your investment is particularly sensitive to interest rate risk. Generally, a rise (fall) in interest rates will reduce (increase) the market value of the fixed income portion of your investment. An overview of this and other risks is available at <https://www.raymondjames.com>, <http://www.finra.org>, <https://emma.msrb.org>, and <http://investinginbonds.com>.

## **Status Update of Delegated Entities**

**California Amateur  
Mixed Martial Arts  
Organization (CAMO)  
*J.T Steele***

August 30, 2024

To: California State Athletic Commission

From: California Amateur Mixed Martial Arts Organization, Inc. ("CAMO")

Re: CAMO UPDATE / DOCUMENT REQUEST

---

Below and attached please find a CAMO update and report in anticipation of the regularly scheduled CSAC meeting scheduled for September 9, 2024, in Temecula, CA.

**1. CAMO SAFETY AND SUSPENSION REPORT: UPDATE**

There have been no major injuries of a heightened concern for the commission to review since the last CAMO report at on June 10, 2024, in Los Angeles, CA. All suspensions and injuries since the June 10, 2024, meeting are attached hereto as Exhibit 1.

**2. FINANCIAL REPORT:**

CAMO is operating within all recommended financial ranges. CAMO's fiscal year ended May 31, 2024, and taxes are being prepared, accordingly.

**3. 2024 INSPECTOR TRAINING:**

On July 17, 2024, CAMO hosted an online inspector training event in collaboration with the California State Athletic Commission (CSAC). The training was led by CSAC's Executive Officer, Andy Foster, and featured expert instruction from some of our most experienced athletic inspectors, including Marc Reylea and Sean Wells. The comprehensive training session covered a wide range of principles and situational learning experiences and was well attended by CAMO inspectors.

This collaboration with CSAC provides an excellent opportunity to enhance our training efforts and build camaraderie within our community. A highlight of the training was a segment taught by Inspector Steve Quick, who provided valuable insights into the qualities that make effective inspectors and the career paths leading to roles within CSAC.

We are deeply appreciative of the opportunity to partner with CSAC in this training initiative, ensuring that best practices are consistently applied across all levels of competition and at venues throughout the state, from small amateur events to professional engagements.

#### **4. 29 PALMS MARINE BASE – FIGHT FOR OUR TROOPS:**

On September 6, 2024, CAMO will be regulating an event at the 29 Palms Marine Base, titled “Fight for the Troops.” This event, promoted by Gabe Scarpelli, who has successfully organized it for many years, is a special opportunity for us to give back to our armed forces by providing them with a night of entertainment.

Many of our officials have a military background, with some currently serving, making this event particularly meaningful. We extend our gratitude to all the officials and the Ringside Physician who have dedicated their time and traveled long distances to support this event and our soldiers.

This event will feature MMA fights before thousands of active-duty military personnel stationed at 29 Palms. The energy, excitement, and gratitude of our soldiers during these events are unparalleled, and it is an honor for us to bring this moment of recognition to those who serve our country so selflessly.

#### **5. 2024 OBJECTIVES UPDATE:**

CAMO continues to advance several initiatives in 2024, including the implementation of an online training, testing, and assignment portal. Additionally, CAMO is coordinating a training event for the latter half of the year to further our efforts in developing quality officials.

#### **6. CAMO UPCOMING EVENTS:**

As requested by the Commission, attached please find our upcoming event calendar (Exhibit 2) that is also maintained on our website: [www.camomma.org](http://www.camomma.org). It is always our pleasure to have a member of the Commission visit our events and we invite you to attend the same.

In closing, we have a great 2024 with many more events in store for California. Thank you for your continued support.

Sincerely,

JT Steele | President, California Amateur Mixed Martial Arts Organization, Inc.

### III. Membership Information

#### Standard Memberships

USA Boxing offers athlete and non-athlete memberships, allowing boxers, coaches, and officials to train, spar, and participate in USA Boxing sanctioned events. Membership fees are calculated by LBC. USA Boxing collects a standard amount of \$55.00 – \$75.00, per athlete and \$75.00 for each non-athlete membership (amounts vary by location). The remainder is voted on by the LBC’s Board of Directors to assist them with administrative and operational expenses. The chart below illustrates registration numbers for each region.

## Club Memberships

Club memberships allow USA Boxing members to register a gym, facility, or boxing program with USA Boxing. Doing so allows the facility to host events, have their information published on our website, and affords the facility a general liability insurance policy. USA Boxing collects \$180.00 of each club membership, with the remaining to be disbursed to the LBC. Each LBC can vote on their portion of the membership fee to cover operational and administrative costs. Below is the Q2 2024 revenue for California.

### Community Engagement and Feedback

- **Competition Opportunity growth and Membership:**

Many California registered fighters along with their coaches and gyms are actively participating in regional, national and international competitions worldwide. The latest competition, WAKO Youth World Championships was held in Budapest, Hungary between August 23 – Sept 1, 2024, and was well attended with over 3000 competitors from 68 countries. One California competitor, Victor Aguilar, took home the bronze medal. He represented his country fighting alongside WAKO USA Kickboxing competitors taking home a total of 2 bronze, 2 silver and 2 gold medals in the ring and 12 Bronze, 10 Silver, and 7 Gold medals on the Tatami mats. Our Team Pont Fighting teams also won two Bronze medals.

The next Team USA qualifier will be held in Columbus Ohio on March 1<sup>st</sup>, 2025.

- Public feedback has been overwhelmingly positive, and we are looking forward to serving the community in the months ahead. We are vigorously filling next year's calendar, with promoters offering great opportunities for new and seasoned fighters to step up to the next level in competition. We are grateful and humbled to be a part of that growth and opportunity.
- **Training:** Training and development of new and seasoned ring officials has been a focal point of WAKO USA Kickboxing over the past year in California. Training does not stop at the 1or 2-day officials clinics completed periodically. Utilizing the expertise of our International Head Officials and the guidance of our California head of officials, Dan Stell, we offer continuous training and constant mentorship. The next course will be held on Friday, September 27, 2024, in Vacaville, CA, the evening prior to a 9 bout Championship Card of Southern vs Northern California K-1 Kickboxing. All officials who attend the training are always encouraged to attend the events to shadow and hone their experience on their path to becoming active, licensed ring officials. All officials are extended the opportunity to work at events nationally and internationally as they work towards their Class A Certification.
- Mr. Stell has taken on the task of cross training all officials in both Kickboxing and Muay Thai, to more effectively utilize the pull of officials across events that sometimes have both disciplines on the card scheduled. We are glad to be working collectively alongside ISKA Muay Thai for the growth of the athletes and both disciplines in the ring.
- Elaine Jojola has developed, trained and formed a strong group of officials and Event Directors in Southern, Central and Northern California to streamline the workload accordingly as the demand grows. Several of the California officials that have been working with WAKO over the past 18 months, have also participated in national competitions, expanding their experience and knowledge. We greatly appreciate their strength, willingness and ability to grow and continuously learn together. We encourage them to work as often as possible as the opportunities arise, wherever that may be.
